6 Great Reasons to Join CSSE!

CSSE membership, a must for the safety, health and environmental professional or business wanting to advance health and safety in the workplace.

1 Specialized Professional Development

- the Certified Health and Safety Consultant Certification (CHCS) signals that the holder has specialized CSSE training in Law, Ethics, Consulting and Applied Risk Communication

- additional professional development courses (at member preferred prices) in Health & Safety Program Evaluation, Environmental Law (with Gowling Lafleur Henderson LLP) and the CRSP Examination Preparation Course
- health and safety e-learning courses linked from the CSSE website to CCOHS
- health and safety leadership e-learning certificate or diploma courses linked from the CSSE website to the University of New Brunswick or Lansbridge University
- SMART-ISO software and training in auditing to several national and international standards

2 Staying Connected

- connections that are established with over 3000 like-minded Safety, Health and Environmental professionals across Canada, accessible through the CSSE website
- 28 CSSE chapters established in communities across Canada, led by local leadership, holding regular meetings for sharing information and professional development and maintaining chapter sites on the CSSE website

3 The CSSE Website

- as well as having access to the public CSSE website offering Society information and current international health and safety news, the **Members Only Area** for specialized resources, chapter information, resume posting, career centre and the On-line Exhibition

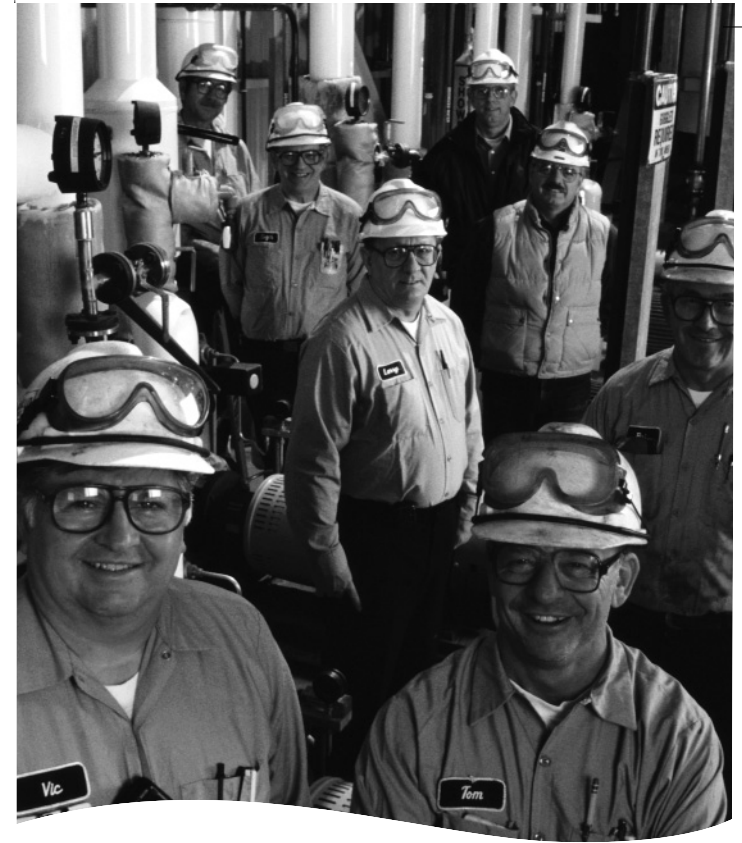

4 Annual Professional Development Conference

- the "can't miss event" for the health and safety profession of today and tomorrow, brings together practitioners from around the world
- held in a different major city across Canada each year in conjunction with CSSE courses and a companions' program

5 Contact - the CSSE Newsletter

- published four times a year in electronic format, coverage of health and safety issues and important news about the CSSE
